OUR PARTNERS

Testimonials from Sponsors and Advertisers

“Choice Canning Co. has been a key player in the seafood industry for over 70 years. As an organization we have constantly tried to find ways to make our business more efficient and sustainable each step of the way. Partnering with the Global Seafood Alliance as the platinum sponsor of its signature event in 2022 has been a game changer for us at Choice. The mutual learning leading up to the event and the immeasurable success that followed have been invaluable. As an organization that pursues and practices sustainability in seafood, our association with GSA has resulted in umpteen opportunities that continue to knock on our door even after the event. GSA’s incredible team made the partnership and process seamless, while illuminating a clear path to the future.”

– Thomas Jose, Choice Canning Co.

“Congratulations once again for organizing an exceptionally good conference. It was well organized, featured a fantastic speaker lineup and provided plenty of opportunities for networking through the GSA Connect event.”

– Phillips Thomas, Penver Products

“The U.S. Soybean Export Council is a proud supporter of the Global Seafood Alliance and its signature event. The aquaculture sector is making an impact on nutrition and food security, the environment and livelihoods globally. With a growing global population, increasing urbanization and expanded consumer interest in health, there is a driving demand for sustainable protein. This puts aquaculture and soybeans at the center of the opportunity to have a significant net positive impact.”

– Jim Sutter, U.S. Soybean Export Council

Summit Connect

Introduced in 2022, Connect does exactly what the name suggests – connects seafood buyers and suppliers in a matchmaking exercise that allows each side to exchange business information in a structured, efficient manner.

This two-day exercise provides suppliers with the opportunity to present to all buyers and meet with buyers individually. Following these presentations and meetings, buyers are asked to identify a few suppliers that they would prefer to meet with the following day, for more in-depth discussions. Food and drink are served.

Who Attended Connect in 2022?

Buyers:
- Bloomin’ Brands
- Food Lion
- Giant Eagle
- Hannaford
- Harvest Sherwood
- Hello Fresh
- Maruha Nichiro
- Sysco
- Topco

The Responsible Seafood Summit is the largest international seafood business conference of its kind. For 23 years, the Summit, formerly GOAL, has acted as a pre-competitive platform for knowledge sharing and collaboration amongst the world's seafood thought leaders. The audience is diverse, with up to 500 delegates representing up to 30 countries and all segments of the seafood value chain, both wild and farmed.

No two Responsible Seafood Summits are the same! The event has been held in 19 cities on four continents since 2001. Each Summit is unique, embracing the identity and culture of the host country while providing an entertaining, casual atmosphere for seafood professionals to network and socialize through offsite receptions and dinners as well as field trips to production facilities.

The 22nd edition of the Responsible Seafood Summit will be held at the Delta Hotel in Saint John, New Brunswick, Canada, from Oct. 2 to 5, 2023.
